

REPORTING CHILD ABUSE AND NEGLECT IN VERSION 5.0 OF NFR-CRS

Wed, April 4, 2018
2:00 PM – 3:00 PM ET

The National Center for Fatality Review and Prevention

About the National Center for Fatality Review and Prevention

- The National Center for Fatality Review and Prevention (NCFRP) is a resource and data center that supports child death review (CDR) and fetal and infant mortality review (FIMR) programs around the country.
- It is funded in part by Cooperative Agreement Number UG7MC28482 from the U.S. Department of Health and Human Services (HHS), Health Resources and Services Administration (HRSA), Maternal and Child Health Bureau (MCHB).

HRSA's Overall Vision for NCFRP

- Through delivery of data, training, and technical support, NCFRP will assist state and community programs in:
 - Understanding how CDR and FIMR reviews can be used to address issues related to adverse maternal, infant, child, and adolescent outcomes
 - Improving the quality and effectiveness of CDR/FIMR processes
 - Increasing the availability and use of data to inform prevention efforts and for national dissemination
- Ultimate Goal:
 - Improving systems of care and outcomes for mothers, infants, children, and families

Housekeeping Notes

- **Webinar is being recorded and will be available within 2 weeks on our website: www.ncfrp.org**
- All attendees will be muted and in listen only mode
- Questions can be typed into the “Questions” pane
 - Due to the large number of attendees, we may not be able to get to all questions in the time allotted
 - All unanswered questions will be posted with answers on the NCFRP website

Guest Speaker

NCFRP
Patti Schnitzer
Data Systems Consultant

Webinar Agenda

- V5 Section I5; What changed and why
- Review definitions:
 - Child Abuse
 - Child Neglect
 - Poor Supervision
 - Exposure to Hazards
- Examples/Polling
- Section J: Person Responsible

What Changed?

What Changed?

I. ACTS OF OMISSION OR COMMISSION INCLUDING POOR SUPERVISION, CHILD ABUSE & NEGLECT, ASSAULTS, AND SUICIDE

TYPE OF ACT

1. Did any act(s) of omission or commission cause and/or contribute to the death?

- ☐ Yes
☐ No, go to Section J
☐ Probable
☐ U/K, go to Section J

If yes/probable, were the act(s) either or both?

Check all that apply:

- ☐ The direct cause of death
☐ The contributing cause of death

2. What act(s) caused or contributed to the death?

Check only one per column and describe in narrative.

Caused

Contributed

Section I5: Child Abuse, Neglect, Poor Supervision And Exposure To Hazards

a. Did child abuse, neglect, poor or absent supervision or exposure to hazards cause or contribute to the child's death?

- ☐ Yes/probable
- ☐ No
- ☐ Unknown

Indicate if any behavior on the part of a parent or caregiver caused or contributed to the death of the child. The purpose of this question is to identify whether there were specific human behaviors that caused or contributed to the child's death. It is NOT intended to determine blame or legal culpability.

A behavior that causes death is defined as a behavior that in and of itself led to the child's death. Generally, the behavior in question was both necessary and sufficient to kill the child. A behavior that contributes to death is defined as a behavior that plays a role in the

Deselect answer

Poverty and child maltreatment are highly correlated. Indicate whether poverty played a role in the child abuse, neglect, poor/absent supervision or exposure to hazards that caused or contributed to the child's death. For example, a single mother with four children has a new job. If she loses her job, she cannot pay the rent and will be evicted from her apartment. If she misses another day of work, she will be fired. She works nights and one night her sister does not show up to stay with the children while she goes to work. Mom goes to work and leaves the children unattended for

Scenario 1

Parents sleeping with 2-month old infant in their queen size bed

During the night, father apparently rolls over on the baby resulting in suffocation.

Parents were non-smokers, not under the influence of drugs or alcohol.

Said they always slept with the baby for attachment/bonding reasons.

Scenario 1

15a. Did child abuse, neglect, poor or absent supervision, or exposure to hazards cause or contribute to the child's death?

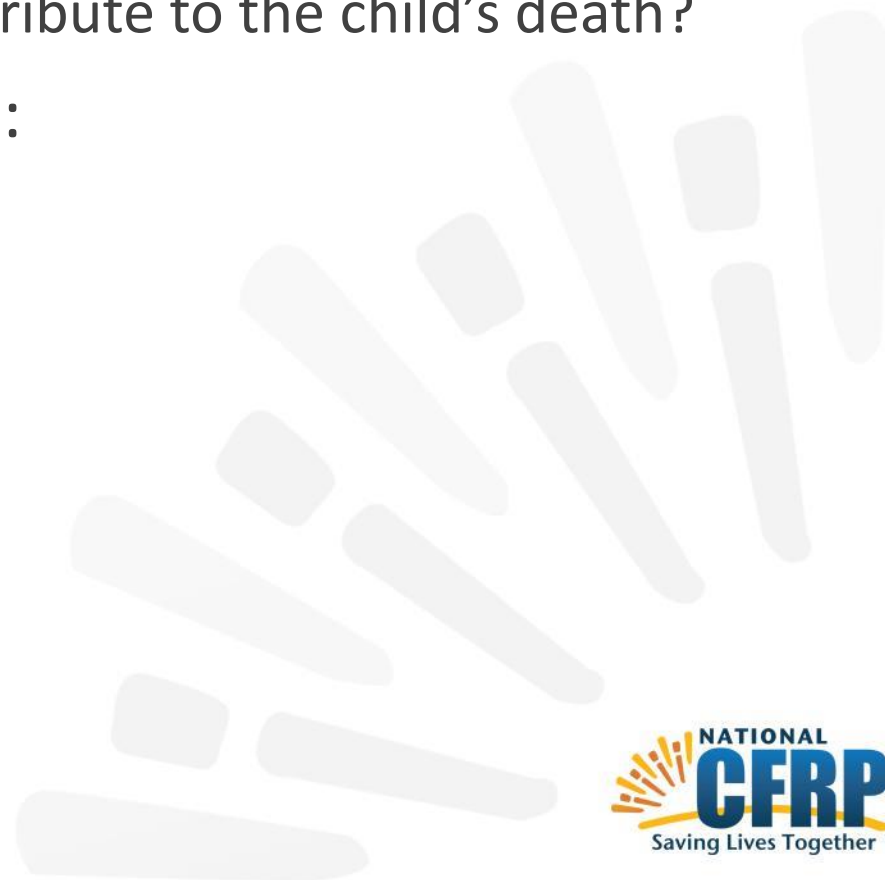

- A. Yes/Probable
- B. No
- C. Unknown

Scenario 1

15a. Did child abuse, neglect, poor or absent supervision, or exposure to hazards cause or contribute to the child's death?

If yes, choose primary reason:

- A. Child abuse
- B. Child neglect
- C. Poor/absent supervision
- D. Exposure to hazards

Scenario 1 - Answers

15a. Did child abuse, neglect, poor or absent supervision, or exposure to hazards cause or contribute to the child's death?

A. Yes/Probable

B. No

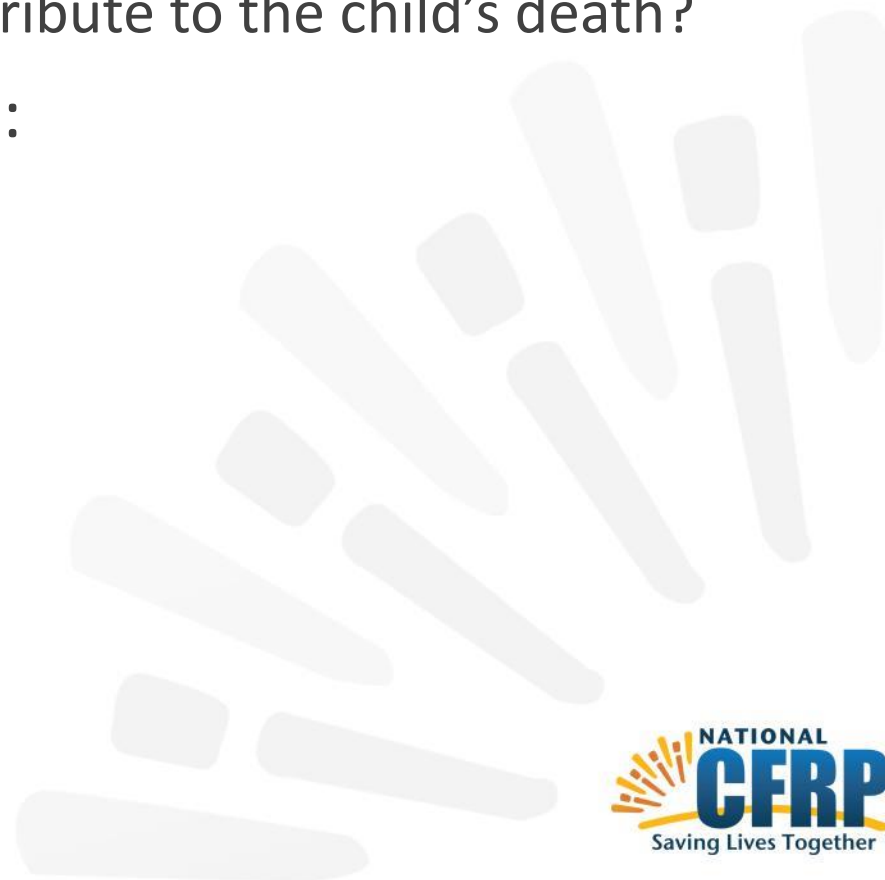

C. Unknown

Scenario 1 - Answers

15a. Did child abuse, neglect, poor or absent supervision, or exposure to hazards cause or contribute to the child's death?

If yes, choose primary reason:

- A. Child abuse
- B. Child neglect
- C. Poor/absent supervision
- D. Exposure to hazards

Scenario 2

A 3-year old boy playing with 4 other children during picnic/family reunion.

Boy wanders down to lake unnoticed, falls off a dock and drowns

Parents were drinking with family members but not noticeable intoxicated when police arrive.

No blood alcohol test conducted.

Scenario 2

15a. Did child abuse, neglect, poor or absent supervision, or exposure to hazards cause or contribute to the child's death?

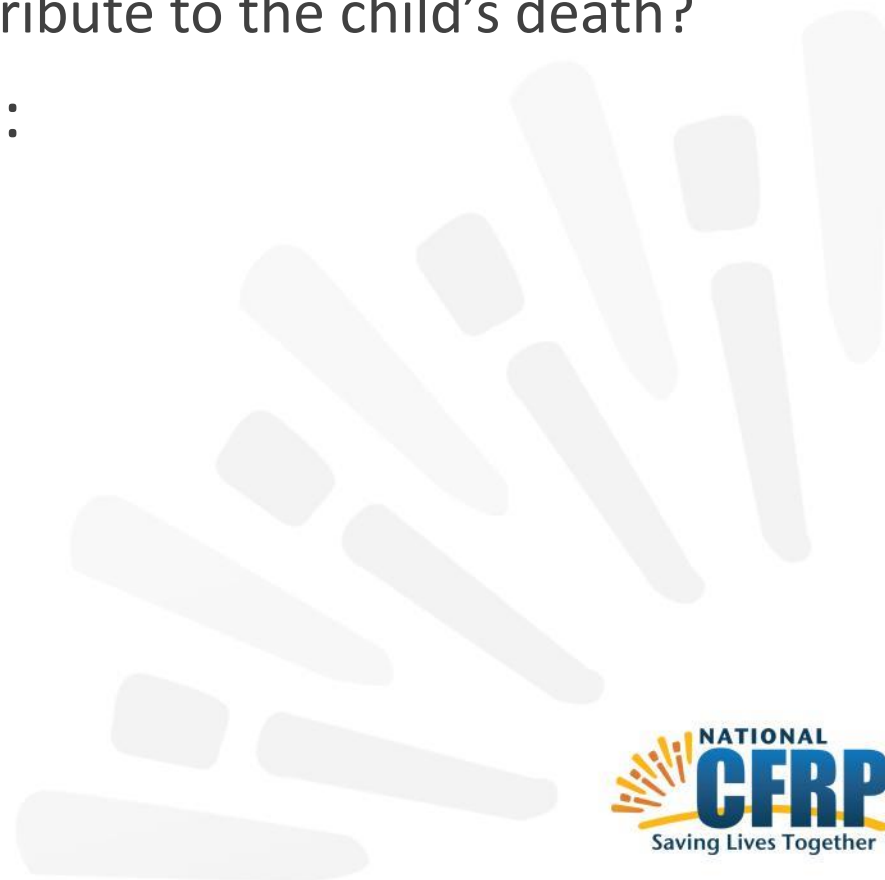

- A. Yes/Probable
- B. No
- C. Unknown

Scenario 2
