

## Resources to Support Patients and Providers in COVID-19 Vaccination in Pregnancy

---

The National Center has compiled example resources for providers as they support pregnant patients in their decision to vaccinate against COVID-19. Some of these resources were developed for providers to share directly with patients, and some were developed to support providers in encouraging their patients to get vaccinated.

### For Patients

- ***Trust the Facts, Get the Vax* educational campaign materials:** Downloadable videos and fact sheets in 13 languages. <https://bit.ly/3Eu8GaA>
- ***Pregnancy and the COVID-19 Vaccine: Get the Reliable Information You Need* video:** Short educational video overview of the risks of COVID-19 in pregnancy, and an overview of research findings. <https://bit.ly/3rA39tS>
- ***Pregnancy and the COVID-19 Vaccine* campaign materials:** Downloadable English and Spanish flyers, social media messages, and fact sheets in 14 languages. <https://bit.ly/3EtryGX>

### For Providers

- ***Talking with Patients about COVID-19 Vaccination:*** An introduction to motivational interviewing for healthcare professionals. <https://bit.ly/3JXfcrH>
- ***Using Motivational Interviewing to Talk About COVID-19 Vaccination in Pregnancy:*** A video presentation to guide obstetricians and other providers in counseling unvaccinated pregnant patients about COVID-19 (~7 minutes). <https://bit.ly/3v4b84V>
- ***Communication Skills for Talking About COVID-19 Vaccines:*** Designed for clinicians, adapted from motivational interviewing and informed by research on vaccine hesitancy, this resource addresses common reasons people cite for not wanting to be vaccinated: <https://bit.ly/3EpWojM>
- ***Communication Skills Training for Clinicians Discussing COVID-19 Vaccination:*** Training for clinicians focusing on counseling pregnant patients about COVID-19 vaccination. (~1 hour; Continuing medical education in the state of Massachusetts). <https://bit.ly/3JWly9J>
